

AMG

SO THRILLING. SO AMG.

The new Mercedes-AMG GT Coupé.

THE DNA OF AMG.

The fascinating design of the new Mercedes-AMG GT Coupé combines clear lines, a sensuous design idiom and sports car proportions into a performance statement typical of the brand. A front end with a clear statement: the AMG-specific radiator grille signals unrivalled and highly dynamic driving experiences.

EXHILARATING. FOR YOUR EYES AND EARS.

Clear statement for aficionados: trapezoidal twin tailpipes in black chrome for maximum appeal.

Setting the pace: the 53.3-cm (21-inch) forged, cross-spoke AMG wheels painted matt black accentuate the dynamic appearance.¹

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

WELL AHEAD OF ITS TIME.

Individual: the digital instrument cluster can be personalised with different display styles and individually selectable main views. The MBUX infotainment also includes AMG-specific displays and functions such as the configuration of the steering wheel buttons or the setting of drive programmes.

ESCAPE FROM THE DAILY ROUTINE. EVERY DAY.

Sporty on the racetrack, flexible in day-to-day driving: the two rear seats give your coupé a practical 2+2 seating configuration.¹ And on occasions when you really need additional stowage space, the optionally folding seat backrests can be conveniently folded down using a button in the boot.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

MOTOR RACING SPIRIT.

Enjoy passionate performance in everyday life or on the racetrack – thanks to the AMG ACTIVE RIDE CONTROL suspension, active aerodynamics or AMG Performance 4MATIC+. And not least by virtue of superior engine variants that define the term intensity in their very own way. Because you'll be back to the daily routine soon enough.

DIGITAL INSTRUMENT DISPLAY.

Together with the driver display, the 11.9-inch central display is the control centre in your vehicle's interior. Extraordinarily brilliant colours help you with intuitive control input while driving.

FRONT-AXLE LIFT SYSTEM.

Thanks to the axle lift function, you can raise the front axle by up to 30 mm and thus protect the detachable parts on the front bumper from damage. This can be helpful when negotiating ramps, steep entrances and exits or when parking.

REAR SEATS WITH FOLDING BACKRESTS.¹

Sporty on the racetrack, flexible in day-to-day driving: the two rear seats turn your vehicle into a practical 2+2-seater. If you need additional stowage space, you can conveniently fold down the seat backrest using a button in the boot.

PANORAMIC ROOF.¹

With the panoramic roof, you can create a particularly bright and friendly atmosphere in the interior. The glass module extends across the entire roof area, creating the impression of one continuous glass panel from the windscreen to the rear window. You are protected from strong sunlight by a manual roller blind.

AMG TRACK PACE.

AMG TRACK PACE transforms your vehicle into your virtual race engineer. With the aid of lap, sector and acceleration times plus selected live telemetry data, you can systematically analyse and improve your driving skills on closed-off tracks.

HEAD-UP DISPLAY.¹

Great prospects for sporty driving pleasure and a superior driving experience: the head-up display transforms your windscreen into a stunning digital cockpit. This means that you always have a direct view of key information. Your full attention remains on the road and the traffic situation ahead.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

AMG BRAKE CALLIPERS PAINTED BLACK.¹

The black-painted brake callipers underline the efficiency of the brake system. They have a particularly high-quality appeal that makes the sporty aspirations of the vehicle apparent at first glance.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

AMG LOGO PROJECTION.

With the innovative logo projector, your vehicle gives any ground a true touch of racetrack flair. The projector installed in the side skirts projects “AMG” lettering onto the asphalt to get you and your passengers into the right mood even before setting off – an absolutely eye-catching feature, particularly at night and in dark surroundings.

AMG CERAMIC, HIGH-PERFORMANCE COMPOSITE BRAKE SYSTEM.¹

Dependable in extreme situations, even after several maximum full-stop braking manoeuvres in a row: the AMG ceramic, high-performance composite brake system gives you deceleration values you can depend upon even in exceptional situations. It is also lighter than conventional brake systems – with lower unsprung masses for enhanced driving dynamics and agility.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

EASY-PACK TAILGATE INCL. HANDS-FREE ACCESS.

The boot holds 321 litres as standard – no less than 146 litres more than in the preceding model. Thanks to HANDS-FREE ACCESS, you can open and close the tailgate electrically with a kicking motion below the bumper.

AMG NIGHT PACKAGE AND AMG NIGHT PACKAGE II.¹

With the AMG Night Package, selected exterior features are finished in high-gloss black. In the AMG Night Package II, certain features are finished in black chrome – the lettering on the tailgate makes your Mercedes-AMG a real eye-catcher, for example.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

AMG EXTERIOR CHROME PACKAGE.¹

With the AMG Chrome Package, your vehicle looks particularly elegant and classy. Additional features in high-gloss chrome underscore the elegance and create contrasting or complementary highlights depending on the vehicle colour.

AMG EXTERIOR CARBON PACKAGE.¹

Accentuate your vehicle's dynamism with a high-tech material from the world of motorsport: detachable parts made of carbon-fibre or in carbon-look visually enhance the exterior from every perspective, emphasising the performance potential of your Mercedes-AMG.

AMG AERODYNAMICS PACKAGE.¹

Get the maximum from your vehicle: The AMG Aerodynamics Package further enhances the look of your vehicle, and you benefit from even better handling characteristics. All the elements of the package increase downforce at both the front and rear axle.

V8 MEETS **ELECTRIC.**

The Mercedes-AMG GT 63 S E PERFORMANCE combines flamboyant design with outstanding performance. As the flagship of this model series, it is unmistakably an E PERFORMANCE vehicle.

The 150 kW (204 hp) electric drive unit (EDU) acts independently on the rear axle, ensuring instantaneous power transmission. The directly cooled lithium-ion battery with a capacity of 6.1 kWh offers high power output and fast energy draw. AMG DYNAMIC SELECT lets you select the fully electric driving mode and manually set the recuperation to one of four levels. The AMG Performance 4MATIC ensures precise handling and impressive power delivery from the hybrid drive.

A white Mercedes-AMG GT sports car is shown from a side profile, parked on a dark, gravelly desert road. The car is positioned in the lower half of the frame, facing right. The background features rolling desert hills under a clear, deep blue sky at dusk. In the far distance, a city skyline with several tall buildings is visible on the horizon. The lighting is warm and golden, suggesting the time is either sunrise or sunset. The overall mood is one of luxury and exclusivity.

Manufaktur

MANUFAKTUR is the cross-brand personalization range for exclusive exterior equipment and high-quality interior equipment from Mercedes-Benz. Select materials and skilled craftsmanship refine the design of your vehicle and ensure a truly special sensory experience. The MANUFAKTUR equipment ensures an exclusive appearance: You get a car of special value – produced precisely to satisfy your wishes and requirements.

MANUFAKTUR PAINT FINISH.¹

MANUFAKTUR paint finishes are characterised by their high value appeal and combine exclusivity and fascination. All paint finishes excite with the highest intensity of colour, thus creating maximum expression in every detail.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

MANUFAKTUR MAGNO PAINT FINISH.¹

MANUFAKTUR's matte magno paints highlight your vehicle's powerful design while staging it in an expressive, state-of-the-art look, regardless of lighting conditions and viewing angles.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

MANUFAKTUR INTERIOR PACKAGE.¹

The MANUFAKTUR Interior Package includes a high-quality nappa leather interior trim in extravagant colour combinations. By choosing one of the 7 upholsterys, you also get matching refined components such as the MANUFAKTUR steering wheel, deep-pile floor mats with embroidered AMG lettering and “MANUFAKTUR” lettering in the centre console.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

MANUFAKTUR TRIM IN COPPER ORANGE MAGNO.¹

The trim lends your interior an individual look. It blends in harmoniously while also creating dramatic contrasts, thereby reinforcing and emphasising the interior design. At the same time, the trim is an enduring quality attribute of a meticulously crafted premium product.

¹The availability of the equipment, functions, features and services shown depends on the respective vehicle model, the individual configuration and the respective market.

ENGINE.

The 4.0-litre V8 engine from Mercedes-AMG excels with explosive yet very finely metered power delivery. The twin-scroll turbochargers are positioned between the cylinder heads (“hot inside-V”) for better response. Three cooling circuits ensure optimum thermal management.

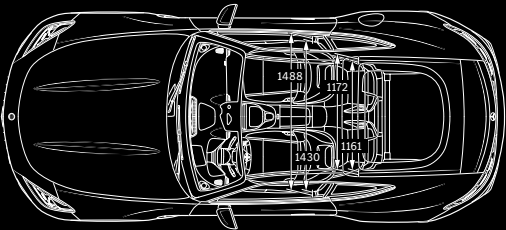

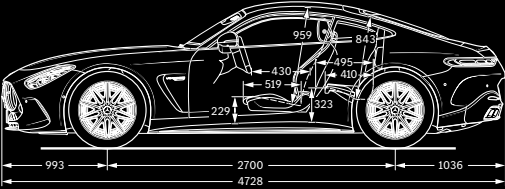

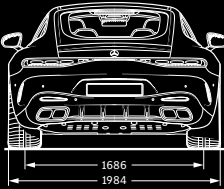

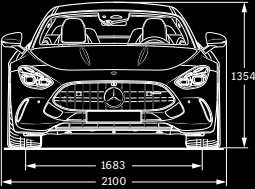

SUSPENSION.

Stability meets agility: AMG ACTIVE RIDE CONTROL uses the very latest electronics to compensate body roll. The suspension and steering respond highly precisely to the driving conditions and road surface. As the driver, you benefit from an intense, dynamic AMG driving experience. And your passengers enjoy excellent ride comfort.
