

# The CLS Coupé

Mercedes-Benz

# The new CLS.

With its symbiosis of coupé and saloon, the CLS established a new category. In its new edition, the four-door coupé remains true to its clean lines and typical silhouette, complemented by expressive design details and sporty accents. Once more the CLS presents itself as a progressive style icon.

## Style icon from front to rear end.

Clear lines determine the effortlessly superior appearance of the new CLS. With a reduction to the essentials, the sensual design idiom and iconic form complement each other to create a contemporary, luxury feel. The new front with the star grille, sporty AMG wheels and sharply drawn LED headlamps add powerful highlights.

## Expressiveness to the core.

It is the many details that make the interior of the new CLS so breathtaking. Fine materials, paired with innovative ease of operation, add up to a superior-class interior.

## Safe companion from parking space to overtaking lane.

Thanks to state-of-the-art safety and assistance systems the new CLS can support you in a way appropriate to the situation in question and can actively help to reduce risks in road traffic ensuring that you reach your destination safely, above all, but also relaxed.

The image shows the rear passenger area of a car. Two brown leather seats with vertical stitching and perforated sections are visible. The car's body is black, and a bright yellow exterior is seen through the windows. The text is overlaid on the right side of the image.

## Wellness coach for all the senses.

Sensual purity in its finest form – with the familiar generous sense of spaciousness. The interior of the new CLS Coupé reflects its principle of aesthetic perfection in every detail, while the Burmester® surround sound system supplies the perfect soundtrack.

## Sets trends that become timeless.

Clear design lines and absolute proportions make it unmistakably clear: the CLS is an icon. But in its new edition the four-door coupé goes even further and, thanks to the individualisation range, is more versatile than ever before. The new CLS thus not only has strength of character, but also a personality: yours.

## Highlight of a new stellar era.

The many design elements of the AMG Line make the new CLS even more expressive in its appeal. In particular the restyled front with the star grille makes the coupé an absolute eyecatcher and pays homage to the legendary Mercedes star. Further sporty highlights of the AMG Line underscore the progressive spirit of the new CLS.

## MBUX.

Thanks to MBUX Augmented Reality Navigation you reach your destination quickly, safely and stress-free in the new CLS. The traffic assistant superimposes graphical navigation and traffic information onto live images, so providing orientation in complex traffic situations. The all-digital cockpit thus ensures a relaxed driving experience all round.

## Burmester® sound system.

The high-quality speakers of the Burmester® surround sound system develop an impressive soundscape on board the new CLS. As fine as their sound, the design of the speakers also features characteristically styled metal covers that integrate perfectly into the exciting interior concept.

## Ambient lighting.

The ambient lighting allows you to adjust the lighting mood in the CLS to suit your preferences at the touch of a button. 64 colours, selected colour schemes and lighting effects immerse the ventilation outlets, doors and instrument panel in an exciting play of colours, which also adapts dynamically to the driving experience via the ENERGIZING comfort control.

## The AMG Line.

With the distinctive styling of the AMG Line you are opting for a thoroughly sporty design with striking dynamics. Particularly worthy of note: the AMG-specific front apron. The interplay between the features adds a new level of expression all round, which is emphasised further by the lowered suspension.

## The Night Package.

With the Night Package your sporty exterior looks even more expressive. Numerous elements are retained in black or high-gloss black. Depending on the paintwork, this creates contrasts or flowing transitions. Whichever you choose: there are always clear benefits in terms of individuality.

## DYNAMIC SELECT.

The DYNAMIC SELECT drive programs change the handling characteristics of your Mercedes at the press of a button. They control, for example, the characteristics of the engine, transmission, suspension and steering to suit the driving situation. Whether dynamic in Sport mode, really relaxed in Comfort mode or especially economical in Eco mode: you determine the driving style of your journey.

Technical data.

	<b>Petrol engines</b>
	<b>CLS 350 Coupé</b>
Displacement (cc)	1991
