 FUTURE MOTORS

BJ40
— PRO —

POWER. FREEDOM. ADVENTURE.

The story continues

Dimensions

The new scientific and technological, five-hole family network and daily running lights are integrated to inherit the classic, highly recognizable. The new generation adopts a more modern styling approach, inspired by the larger three-row BJ60. The new face combines boxy LEDs with an illuminated three-piece grille.

The heavy dose of plastic cladding, all-terrain tires, and generous ground clearance make it clear that this is not your typical road-focused SUV, as with the boxy proportions. The same applies to the full-size spare wheel that is mounted on the flat tailgate, reminiscent of classic off-rovers.

All new 2.0T Engine

241 HP
POWER

386 NM
TORQUE

8 SPEED AT - ZF
TRANSMISSION

9-inch streaming mirror

Supports 6 level brightness adjustment, automatic anti-dazzle eye vision support 3 level adjustable, provide effective vision to ensure driving safety

12.8 inch passenger entertainment screen

Supports 11 conventional applications

12.8 inch central display

Supports 19 conventional applications

The world's first 1.92-inch start button screen

Supports 15 real scenarios

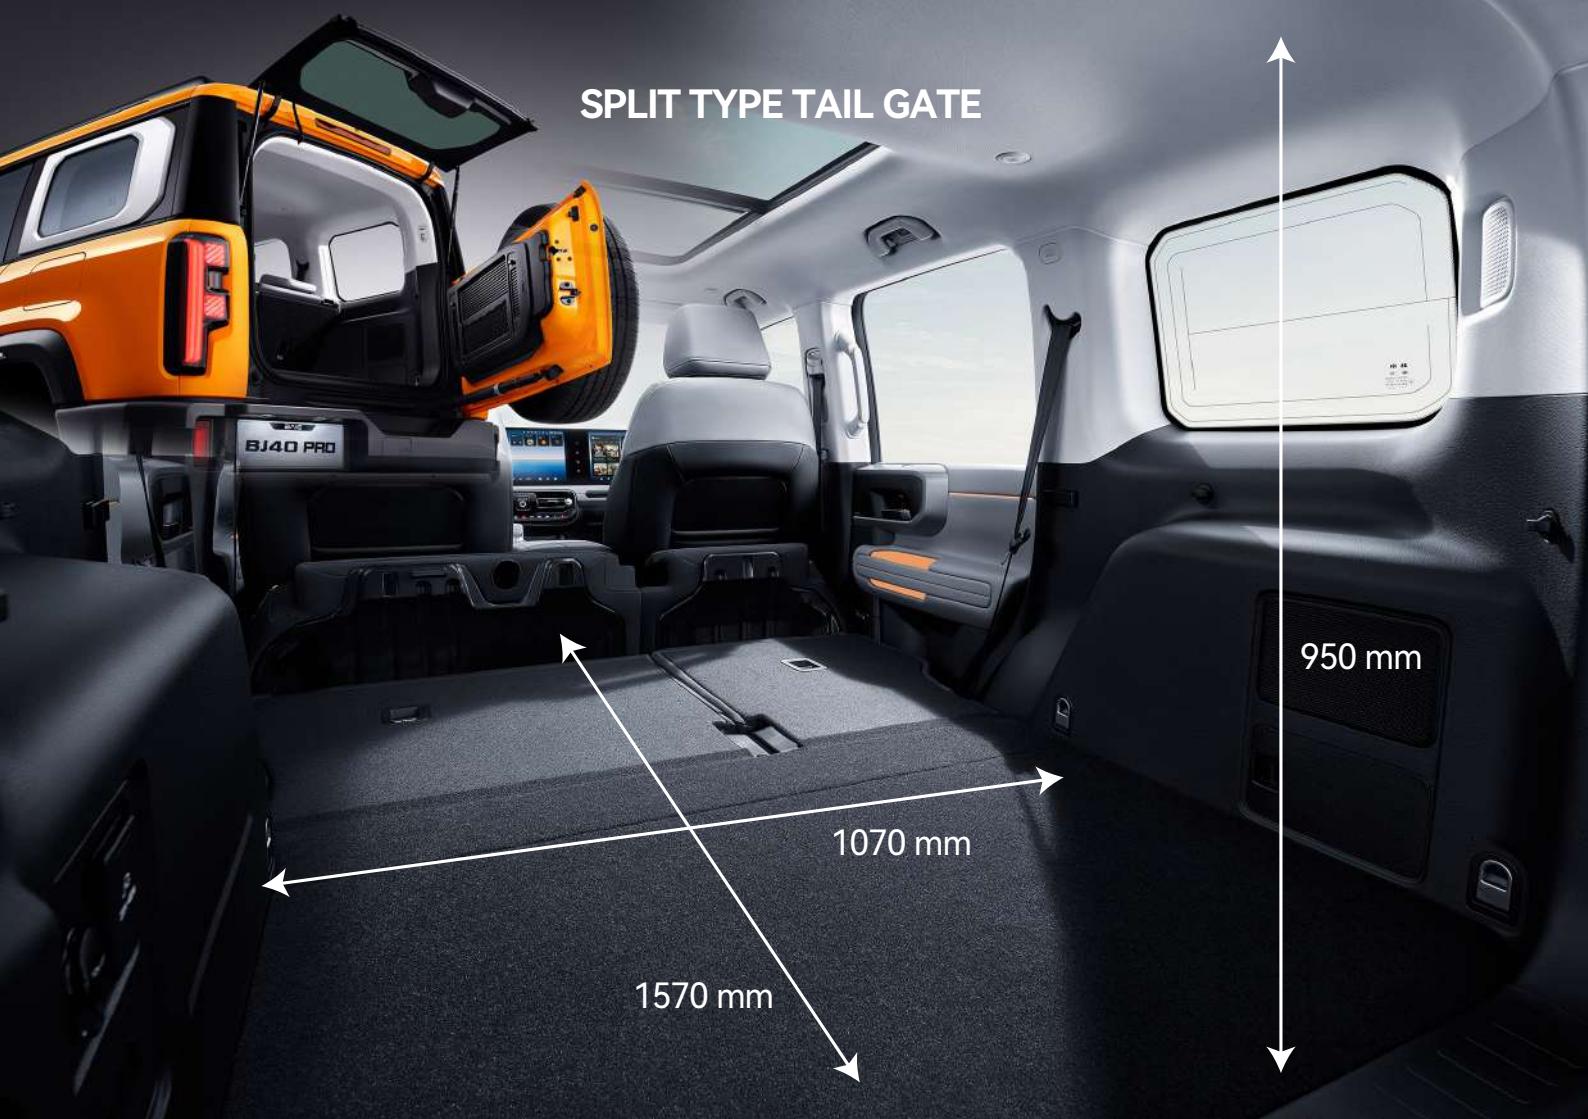

12-way electric adjustment - seat front/rear + up/down, legrest up/down, backrest front/rear, 4-way lumbar support, easy and quick adjustment

Ventilation & heating - both support 3-speed settings

Massage seats - with 8 massage modes, support 3-speed adjustment, relieve long-distance driving fatigue

Three gears memory - support 3 gears position memory, change hands in the middle of the road, a key reset Intelligent welcome: get in and out of the car automatically move back 40mm, automatic reset

SPLIT TYPE TAIL GATE

Intelligent Driving Assistance Features

ICA + LCA

ACC (0-100km/h)

BSD

RCTA + RCTB

LDW

ELK

LCA

AEB

FCW

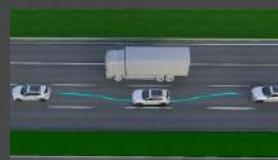

DOW

LKA

TJA

Smart Dodge

Off-Road Chassis

Integral beam design with two longitudinal and eight transverse one-piece beams, the proportion of high-strength steel and ultra-high-strength steel up to 52% of the steel used to provide super-strong body rigidity, which can absorb the collision energy and reduce the deformation of the body to protect the safety of personnel.

Integral rear axle design with strong carrying capacity, strong adaptability to road conditions, large modification space, is the ultimate off-road necessary artifacts.

Comfortable suspension: urbanized tuning, softened suspension, comfort enhancement, damping biased comfort tuning, multi-group matching optimization.

More versatile steering: with three modes, light & standard & sport, the steering control is versatile to meet various needs.

BJ40 PRO SPECS

BASIC PARAMETERS			CONTROL & DRIVING ASSISTANCE																																							
Maximum power of Engine(Hp)	241	●	Autohold Auto parking	●																																						
Maximum torque of Engine(Nm)	386	●	Front parking radars	● (6)																																						
Engine	2.0T	●	Rear parking radars	● (6)																																						
Length*Width*Height	4790*1940*1895 (1915)	●	360° panoramic image (HD)	●																																						
Wheelbase (mm)	2760	●	Transparent chassis	●																																						
Wading depth (mm)	750	●	Cruise control	●																																						
Minimum ground clearance (mm)	≥220	●	FCW forward collision warning	●																																						
Approach Angle/departure Angle (°)	≥36°/≥31°	●	LDW Road Departure Warning System	●																																						
Door quantity	5	●	BSD blind spot monitoring system	●																																						
Number of seats	5	●	LCA parallel auxiliary function	●																																						
Fuel tank capacity	85L	●	DOW back door warning	●																																						
Transmission	8AT -ZF	●	RCW rear collision warning	●																																						
Front suspension	Double boom helical spring front independent suspension	●	Rear Cross Traffic Alert	●																																						
Rear suspension	Mutli-bar non-independent suspension	●	Autonomous Emergency Braking	●																																						
Anti-roll frame	Metal anti-roll cage	●	Adaptive Cruise Control	●																																						
Fuel Type	92# gasoline or above	●	LKA lane keeping assist system	●																																						
Steering type	(DP-EPS)	●	Front Cross Traffic Braking	—																																						
Parking brake	EPB	●	Rear Cross Traffic Braking	●																																						
Brake system	Fixed and Ventilated disc	●	Emergency Lane Keeping	●																																						
Tire type	(265/65 R17)/HT 1(265/65 R18)/HT	●	Intelligent Cruise Control (with Lane center keeping)	●																																						
Lightweight aluminium alloy wheel hub	●	●	Tire type	●																																						
Spare tire	Rear-mounted full-size	●	Traffic Jam Assist	●																																						
ACTIVE PASSIVE SAFETY																																										
Driver and passenger airbag	●	●	Auto Parking Assist/Trace reverse	●																																						
Driver and passenger side airbag	●	●	Fatigue driving reminder	●																																						
Side air curtain	●	●	Drive mode	(7 modes)																																						
ABS	●	●	HAC uphill assist system	●																																						
EBD/CBC	●	●	HDC steep descent system	●																																						
EBA/BAS	●	●	Front axle differential lock	●																																						
Electronic stability control system	●	●	Controlled splitle lock	●																																						
Traction control system	●	●	Rear axle differential lock	●																																						
RMI anti-rollover control system	●	●	Creep mode	●																																						
Child safety lock	●	●	Narrow Turn	●																																						
ISOFIX (two rows)	●	●	Wading sensing system	—																																						
Automatic collision unlock	●	●	ANTI THEFT																																							
Automatic driving lock	●	●	Front seat belt unfasten warning	●	●	Engine electronic anti-theft system	●	Front seat belt preload limiting	●	●	Center control lock	●	Front seat belt height adjustable	●	●	Remote control key	●	Second row seat belt emergency lock	●	●	Remote control system	●	Second row seat belt pretension limited force	—	—	Keyless entry	●	Second row seat belt reminder	—	—	One button start	●	Second row seat belt SAMS	●	●			Tire pressure monitoring system	●	●		
Front seat belt unfasten warning	●	●	Engine electronic anti-theft system	●																																						
Front seat belt preload limiting	●	●	Center control lock	●																																						
Front seat belt height adjustable	●	●	Remote control key	●																																						
Second row seat belt emergency lock	●	●	Remote control system	●																																						
Second row seat belt pretension limited force	—	—	Keyless entry	●																																						
Second row seat belt reminder	—	—	One button start	●																																						
Second row seat belt SAMS	●	●																																								
Tire pressure monitoring system	●	●

BJ40 PRO SPECS

ENTERTAINMENT & MEDIA	
12.8 inch LCD center control display	●
12.8 inch Passenger entertainment screen	●
Smart Car system(with 8155 soc)	●
multi-screen interaction	●
Radio set	●
Bluetooth/car phone	●
Mobile Internet	●
Wifi+4g	●
Rest mode	●
Instrument panel power(1USB)	●
Front seat power(1TypeC+1USB+1USB (data transmission) +12V)	●
Second row power (1TypeC+1USB)	●
Trunk power(12V)	●
Wireless charging	●
Speaker	10+1 / 12+1
Amplifier	●
Infinity sound	1
Active Noise Control	1
Relative elevation, slope, compass display	●
LIGHT	
Grid light lamp	● (circle)
Wheel eyebrow sidelight	●
LED front and rear light	●
Headlights height adjustment	●
Auto headlights	●
HMA High Beam Assist	●
Headlights turn off for a delay	●
Steering auxiliary light	●
LED daytime running light	●
Front fog light	●
Rear fog light	●
LED tail light	●
LED high brake light	●
Emergency brake reminder	●
Ambient lamp	● (multi color)
Storage space light	●
Front LED reading light	●
Second row LED reading light	●
Trunk light	●

EXTERIOR	
Frameless door	●
Roof rack	●
Chassis lower plate	● 2 pieces of non-metal panel
Panoramic skylight	●
Boneless wiper	●
Front rain sensor	●
Rear windshield wiper	●
Fixing the boarding pedal	—
Power pedal	●
Tail gate anywhere stop	●
Tow hook + Rear trailer power	●
Side window D-decoration	●
INTERIOR	
Microfiber multifunction steering wheel	●
Leather steering wheel	—
Steering wheel manual 4-way adjustment	—
Steering wheel electric 4-way adjustment	●
Steering wheel memory	●
Hd traffic recorder	●
Camera	●
10.25-inch full LCD Instrument panel	●
Front boarding handles	●
Rear boarding handles	●
Front and rear top Handlebars	●
Spectacle case	●
Automatic anti-glare internal rearview mirror	—
Streaming media internal rearview mirror	●
Visor makeup mirror light + monochrome	●
Luggage anchor points (6 fixed)	●
Trunk 220V power outlet(150w)	—
Trunk 220V power outlet(400w)	●
AIR CONDITIONING	
Double zone automatic air conditioning	●
Second-row air outlets	●
A/C pre-ventilation	●
One button cool mode	●

"—" indicates not equipped, "●" indicates standard, blank means optional, and "*" indicates it is part of an option package and cannot be selected individually.
